

The Physician
John Frederick Freeman

LibriVox volunteers bring you 13 recordings of *The Physician* by John Frederick Freeman.

This was the Weekly Poetry project for December 24, 2023.

John Frederick Freeman was an English poet and essayist, who gave up a successful career in insurance to write full-time. He was born in London, and started as an office boy aged 13. He was a close friend of Walter de la Mare from 1907, who lobbied hard with Edward Marsh to get Freeman into the Georgian Poetry series; with eventual success. De la Mare's biographer Theresa Whistler describes him as "tall, gangling, ugly, solemn, punctilious". (Wikipedia)
